Subject: VFW

Audrey I am sorry, I couldn't figure out from the texts and screenshots what case you were referring to because there wasn't a defendant's' name. I finally saw on one of the screen shots a reference to Stephanie and Steve, and that you left a newspaper article on my chair.
The defendants were arrested for fiduciary misap from the VFW. The state wide VFW which granted the charter and has since revoked it and their ability to run a VFW or.
I have that case and have met with the state investigator. Jordan Haren filed that case.

It appears that the new scheme is an Atascosa Veteran's Food Bank. I don't think there is an ongoing investigation of that entity.
