Dan,

Sorry to keep writing emails, but I have found more. It seems that my mind thinks of things while I am working and they pop out unexpectedly.

I notice in the Feb 2018 minutes that $400 was used to help a comrade in distress, pay rent. However, the withdrawals occurred on 1 Feb for $100 and 13 Feb for $300.

I noticed lots of cash withdrawals and that there was no Relief Fund established.

Commanders,

Please see the attached documents. I would appreciate your review and synopsis. We will be bringing disciplinary action against both Steve Muller and Stephanie Pino after Mid-Winter so I would appreciate it if you could each send me your analysis of alleged violations of the By-Laws to ensure I do not miss anything on my end.

Thank you for what you do, it is appreciated.
