11.59

On March 19, 2019, I contacted Past State Commander Peyton Lumpkin in regards to paperwork, in his possession, that confirmed Dan Wests history of Criminal convictions, specifically a October 31, 2008 conviction for tampering with a government record (Offender ID EL0740708619641130) and harassment charges brought against him by a several VFW Female Combat Veterans, to include Comrade Lora Land and Erin Marlow, whom apparently continued to be victimized by West by intimidation and threats to date. Peyton Stated, Dan West had sabotaged his run for National Council 2018 – 2022 Year by accusing him of taking his Wife Jeannine along with him so that she could campaign for the Auxiliary, which was inaccurate as his wife had no running mate and was simply accompanying him as his wife. Peyton told me to get in touch with Comrade Lora Land and get her information. Peyton stated; "Dan West is a Cancer in this Organization and must be stopped and removed". Peyton said; "I will get this in the mail in the morning". I still have not received a package from Peyton, however such a file has been confirmed to exist and his October 31, 2008 Conviction under Texas Penal Code 37.10 has been confirmed by Law enforcement.

Respectfully,

Stephanie D Pino
