Good afternoon Gentlemen,

My email will be a little less vocal than Steve's. Since the beginning of VFW Post 12162 we have been harassed from the out going District 20 Commander not doing his due diligence and overseeing us for 90 days per the Past State Commander Eddie Torres to never putting us under the group tax exemption # until after jan 2019 when we chartered in Sept 2017 I have begged National to investigate what happened to the # 1 VFW Post in the World that made the members vote to surrender the Charter. That would be reflected in the Feb 2019 meeting mins if in fact the Administrative Committee did their job and took meeting mins, maybe National should open their eyes now and start asking questions. I do not understand the constant defaming harassing and slander that has been happening to Steve and I. I have place a freedom act request for the date that the criminal incident report as filed by Andrew Camplan at the Pleasanton Police dept if it is in fact before the investigation report dated 20 march Mr. Camplen could face charges from the Pleasanton Police dept we will face that bridge on Monday when the report can be picked up. I do believe that The National VFW commander and his staff may know what is going on down here and maybe is turning a blind eye. Well I'm sure that receiving 49 Requests for investigation signed by each member should be an eye opening experience for everyone. We have all the evidence and it is posted on 12162auxiliary.org password eagle1 for your enjoyment. Please feel free to contact Steve or myself with any questions that you may have. This day has finally came the one everyone wanted the day we can clear our name and show what a evil person Dan Andrew John Jeff Doug and Patty truly are. Steve and I would like an opportunity to discuss this with Commander Lawrence.

I only attached a few because I'm not using dropbox I let Steve do that

Think you know we are serious now I hope anyway. Mr West ahs been getting away with shady stuff for some time now and it is time to put an end to his reign He is a convicted felon with a record of frauding the federal government how is he even a member much less in charge of the finances of the Texas VFW oh yeah the finances they get from closing post and counting the assets as income rue business man there. Yall should be very proud.

Respectfully

Stephanie Pino
