Stephanie,

As much as I appreciate your email, our bylaws, section 109, allow for any aggrieved member from actions of the Department Commander to appeal in accordance with the guidelines prescribed in the above referenced section. Your Email does not meet that requisite.

Thanks

That is not true, and if everyone had the Jan and Feb 2019 meeting minutes from the Administrative committee for VFW Post 12162 that would be confirmed. The option to elect officers was never brought to the floor, before Commander Mueller made the motion to end its relationship the Veterans of Foreign Wars, the motion was 2nd and discussions was entertained even by District 20 Commander John Shipley and Administrative Committee lead, the vote passed unanimously. So to entertain that VFW Post 12162 was defuncted because of not electing appropriate Officers is just "NOT TRUE" and needs to be corrected as well as investigated, I can provide signed witness statements by VFW Post 12162 members present. Formal incident report will be sent. Please email me with any questions or concerns. My phone is broken.
