2

Comrades Pino and Mueller,

This email will address collectively the separate emailed requests for continuance I was forwarded this morning from each of you respectively. In the May 14, 2019 email from our office containing Special Order No. 207 appointing the disciplinary hearing panel you were directed to contact the Panel President through this office should the need arise prior to the hearing. As such I am requesting the Panel President to review the attached emailed requests for continuance and submit a decision to me today. I will then forward this decision to all parties.

Best,

Johnathan R. Duncan
Interim Director, Administrative Operations
