Subject: Re: Continuance Request

Comrades, Pino and Mueller

Thank you for sending me your request for a continuance for the Disciplinary Action that has been brought against you.

When both of you signed Form DA-6 Request for a Disciplinary Panel on April 23, 2019 you informed the Department of Texas of your ability and readiness to defend your actions. With the hearing set for May 23, 2019 you have had ample time to prepare a defense.

The location of the hearing is centrally located for the both of you as the accused and the members of the panel that will be serving. Many of the panel members have jobs and have had to make hotel reservations for the night before as some have to travel hundreds of miles to attend.

You have been given ample time to make arrangements for work or family obligations that you may have so you can attend the Disciplinary Hearing that you requested

Considering all of these factors as The Panel President, I am denying your request for a continuance.

Respectfully

Larry Velasquez
