Subject: Charges

Stephanie and Steve:

The Pleasanton Police Detectives visited us on Thursday. We ask to hear about your charges.

We were told that you were given since March to:

Provide the ledger you were responsible for keeping as part of the National VFW bylaws whereby all charges should be recorded

Provide the minutes from meetings where those expenses had been approved.

We were told neither you nor Steve supplied those in the three months you were given. Did you provide the police department with this information? If so when? If not, why?

Thanks

Noel
